Social Media Marketing

Work Samples

Jay Phatak

Communication Studies | Design

University of Texas at Austin

About My Work

Overview

These samples showcase social media content I created for a student organization (UX Design Club).

I served as Marketing Officer for 2 years, helping publicize club events and collaborations, and increasing member outreach and engagement.

My Responsibilities

- Planning event marketing campaigns
- Creating visual assets using Canva and Adobe Express
- Creating and scheduling posts using Buffer and Linktree
- Writing copy for captions

Instagram Content Example

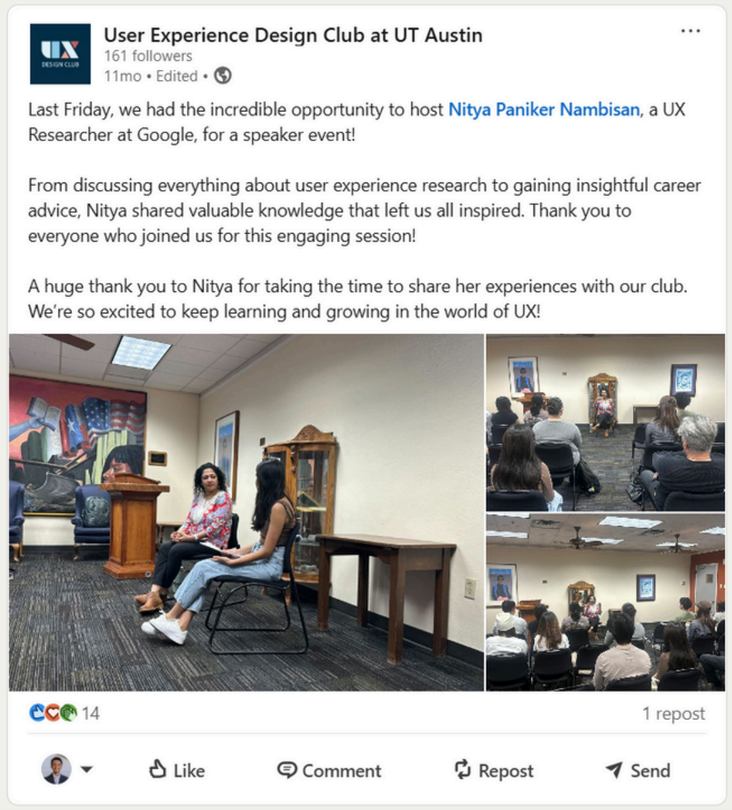

This Instagram post was designed to promote a virtual speaker event, showcasing the date, time and venue, as well as the guest speaker and her credentials.

Objective: Event Promotion

Audience: UT undergraduate + graduate students

Call to Action: Fill out the RSVP using tinyURL or QR code

LinkedIn Content Example

This LinkedIn post was designed to debrief about an in-person speaker event, sharing key insights and encouraging event attendance (member engagement) in the future.

Objective: Community/Member Engagement

Audience: UT undergraduate + graduate students

Content: 3 photos at the event, caption with insights + guest tag
